

**Precision Human Biolaboratory Changes Name to Ridge Diagnostics, Inc.
Company Prepares for Commercialization**

San Diego, CA November 4, 2008 – Precision Human Biolaboratory (PHB)-- a neurodiagnostic company developing a first in class, proprietary blood test for Major Depressive Disorder, has announced the Board of Directors decision to change the name from PHB to Ridge Diagnostics, Inc.

“We are pleased to announce the Company has reached the critical point in our growth where we are prepared to move forward with our commercial strategy”, stated Lonna J. Williams, Chief Commercial Officer . “Changing our name to Ridge Diagnostics is the first step toward introducing the Company and its unique proprietary products to the market”.

Ridge was founded in 2006 and gained initial funding through a prestigious National Science Foundation award. Because of its promising technology and successful clinical study, the Company was also granted funding through the North Carolina Biotechnology Center, the North Carolina Board of Science and Technology and private investors.

About Ridge Diagnostics

Ridge Diagnostics is a neurodiagnostic company commercializing a breakthrough first-in-class, proprietary blood test for the diagnosis and treatment monitoring of Major Depressive Disorder (MDD). Products are based on a proprietary Human Biomarker Library and Hyper-Mapping™ technology. Ridge intends to develop a comprehensive neuropsychiatric disease diagnostic franchise. Ridge Diagnostics testing services will be provided through a CLIA certified laboratory in North Carolina, then through diagnostic test kits sold worldwide. The Company is based in San Diego, CA and Research Triangle Park, NC. www.ridgedx.com
